SUMMARY OF EXAMINER INTERVIEW CONDUCTED ON APRIL 18, 2006

Dear Sir:

During an interview on April 18, 2006, between the examiner, Mark G. Hanley, and Felipe Hernandez, the applicant pointed out that claim 27 in the Examiner's Amendment omitted the phrase "to change a flare characteristic of the material" in the last paragraph of the claim. It was agreed that the phrase would be inserted therein in a Supplemental Notice of Allowance.

If there are any remaining matters that the examiner would like to discuss, the examiner is invited to contact the undersigned representative at the telephone number set forth below.
